Installation Type & Fees

• Joink will provide technical support for networks, including the setup and configuration of routers for a fee through PC Heroes. • For a Single Workstation connection, your computer needs to have a network card with a 10/100 Ethernet connection. • Networks require a router or server capable of being assigned a static or dynamic IP address. A hub alone is not sufficient. • Your DSL connection should be ready within 7 to 28 business days and is dependant upon underlying telco order and provisioning process. • The undersigned affirms that they have the authority to sign for the Company. • By signing, the Customer affirms and agrees that this document entails a binding Agreement by and between Joink, LLC and the Customer provided that a connection can be established over Joink, LLC's network via a digital subscriber line provided by the Customer's telephone carrier. • Payments are due in advance. Billing for the service will be prorated from the date of service activation. • This document entails the entire Agreement and shall not be modified without the express written agreement of the Parties. • Customer agrees to abide by JOINK's Acceptable Use Policy which may be viewed on the Internet at <http://www.joink.com/aup.asp> or a copy can be provided upon request. • No term of service offer for residential customers only.
